## Used in this recipe

### AUSSIE BUSH HONEY

Travel to Australia's native bushlands, where amongst the call of Kookaburras and Koalas grow trees such as Stringybark, Ironbark, Yellow Box, and Gum that our bees forage to create this uniquely Australian honey.

### Buttery, Silky and Bold

Comfort at its finest! With a rich buttery flavour, our Bush Honey is a dream for home made crumpets and lashing of butter. The fruity, floral notes of this honey will linger in the perfect honey and vanilla milkshake, and it will sit deliciously atop a stack of banana pancakes or waffles!

### Make the Sweet Switch

Honey tastes twice as sweet as sugar, so you need less in your baking, drinks and savoury recipes. Learn more about how to swap Capilano for sugar in your recipes [here](#).
