Ingredients

- ½ cup quinoa (measured raw)
- 5-6 large kale leaves
- 1 Lebanese cucumber, diced
- 100g canned chickpeas, drained and rinsed
- 100g halloumi cheese, sliced
- ½ lemon
- 2 tsp extra virgin olive oil
- Pinch salt
- ⅓ cup raspberries (you can use thawed frozen berries)
- 1 tbsp **Capilano Active Manuka Honey**
- 3 tbsp white wine vinegar
- 5 tbsp extra virgin olive oil
- Small pinch of salt

Method

1. Cook quinoa according to packet instructions, drain and set aside to cool. Place kale leaves (stem removed) in a bowl with lemon juice, olive oil and salt. Massage together until kale is softened.
2. To prepare the dressing, mash raspberries roughly with a fork, then combine with all other dressing ingredients. Whisk vigorously in a bowl or shake together in small jar.
3. Pan fry halloumi slices until golden, then assemble bowls of quinoa, kale, diced cucumber and chickpeas.
4. Top with halloumi and spoon over dressing to serve.
5. Tip: Leftover dressing can be stored in an airtight jar in the fridge for up to 4 weeks.

Used in this recipe

Active Manuka Honey

Nature's Sweet Superfood

Made by some of the world's healthiest bees* this special blend of Australian Manuka and floral honey is independently tested and certified to contain a minimum of 30mg of Methylglyoxal (MGO), the key compound that makes Manuka so special. The higher the MGO, the more potent the honey's activity.

Delicious Taste

Australia produces some of the most potent, best tasting Manuka honey in the world due to our warm climate and diverse number of Leptospermum (Manuka) varieties. Capilano's premium, bioactive Manuka honey has a rich, smooth, caramel taste.

Boost your Daily Health Routine

Squeeze the bioactive goodness of Capilano
