Berry Coulis

- 2 tbsp Capilano Honey
- Fresh honeycomb, crumbled

Used in this recipe

Method

- 1. In a small saucepan or microwave safe bowl, combine berries, vanilla, and honey. Heat over medium-low heat until berries have softened, and mixture is bubbling (approx. 2 minutes stovetop, or 1 minute in microwave). Strain to remove excess liquid and allow to cool while you prepare crumpets.
- 2. In a shallow bowl, combine eggs, milk, vanilla, honey. Whisk to combine.
- 3. Dip the bottom side of the crumpets into the batter and allow to absorb mixture for 20 seconds. Flip over briefly on the bubbly side for 5 seconds, then use a butter knife to wipe excess from the surface (so the honey can still ooze into the crumpets once cooked).
- 4. Heat a frypan to medium and add 1 tsp butter, allow to brown slightly then add crumpets base side down. Cook for 2 minutes, then flip over and cook for an additional 1-2 minutes until golden brown.
- 5. Serve with coconut yoghurt, berries, and a generous swirl of honey. For a gourmet addition, add a small piece of honeycomb to serve.
