- 2 tbsp boiling water
- 2 cups milk (any type, dairy or non-dairy)

Used in this recipe

## Method

1. In the bowl of a stand mixer (or using a bowl and hand mixer) combine the coffee, honey and water. Turn the mixer on low and mix for 30 seconds until the coffee has dissolved. Increase speed to high and beat until mixture become foamy and then smooth and glossy with stiff peaks.
2. To serve, divide milk between two glasses filled half full of ice. Top with honeyed coffee foam and serve immediately with a straw.
