FLORAL MANUKA HONEY

Distinctly herbaceous, caramel and smooth, Capilano Floral Manuka Honey is made by Aussie bees that have foraged the native *Leptospermum* (Manuka) flowers. It is as delightful at breakfast as it is squeezed into coffee, baking, marinades and dressings.

Make the Sweet Switch

Honey tastes twice as sweet as sugar, so you need less in your baking, drinks and savoury recipes. Learn more about how to swap Capilano for sugar in your recipes [here](#).
