### ORGANIC RAW HONEY

#### Discover a Premium Taste

Perfectly pure, this honey is delicious drizzled on toast, cereal, tea, smoothies and yogurt.

#### Australian Certified Organic

#### Make the Sweet Switch

Honey tastes twice as sweet as sugar, so you need less in your baking, drinks and savory recipes. Learn more about how to swap Capilano for sugar in your recipes [here](#).

## Method

2. Heat oil in a large saucepan over medium heat. Add popcorn kernels, cover and cook, shaking the pan, for 4-5 minutes or until popped. Transfer to baking trays and distribute evenly.
3. Combine butter, honey and brown sugar in a saucepan over medium heat, bringing to a boil for 3-4 minutes, being careful not to burn mixture. Remove from heat, add vanilla, bicarb soda and salt. Mixture will bubble up, stir quickly.
4. Tip caramel over popcorn and stir well using two spoons to roughly coat. Don't worry if the mixture sets before fully coating. Place in oven to bake for 5 minutes.
5. Remove from oven and mix to coat popcorn with melted caramel again. Bake for an additional 5 minutes and then allow trays to cool on benchtop. Break cooled caramel popcorn up before serving.
6. Popcorn will keep in an airtight container for up to a week – if it lasts that long!
